Ohio And Illinois Fields Are Affected—Miners Hold Only Indiana
Operators Affected

(By United Press)

Indianapolis, Ind., Nov. 2.—Strike of bituminous coal miners tying up the mines in sixteen states apparently hinged today upon whether all mine operators construed the federal check-off injunction as applying to them.

If they do strike it will probably materialize about November 10 and at any rate Indiana will be threatened with an authorized walkout at that time.

Operators in this state say they will obey the injunction in preference to the strike orders sent out last night by officials of the United Mine Workers declaring that the abolition of the check-off system is a violation of the contract.

There are about 30,000 miners in Indiana and approximately 28,000 were on strike today in protest against the injunction temporarily restraining the operators from deducting the union dues from the miners' pay checks.

It is understood that the miners hold that the injunction affects only Indiana operators named as defendants. If their position is sustained in the appeals to the United States Circuit court of appeals at Chicago there is a possibility of strike tying all bituminous fields.

There is understood to be less than one million dollars in the national treasury but union officials say that individual districts would finance the strike, and that benefits would not be paid until the strike was five or six weeks old.

Judge Anderson's injunction specifically restrains further efforts of unions to organize open shop fields in West Virginia and makes it impossible for operators to carry on the check off system.

The judge received a telegram sent out by union officials last night and it will be for him to determine whether the telegram and its result would be in violation of the injunction.

Federal Judge A. B. Anderson read the order which President John Lewis and other officers of the United Mine Workers sent out to their constituents last night and reserved comment. The order told the men to regard as a breaking of the contract any attempt by the operators to relinquish the check-off system of collecting union dues.

It will be for Judge Anderson to Continued on Page Two

Strike In a Nutshell

(Written for United Press)

On the verge of winter America was threatened with a fuel famine today.

The growing "outlaw" strike of union miners, combined with the existing shortage in coal supplies produced a situation generally regarded as serious.

More than 20,000 miners already had quit work in Ohio, Illinois and Indiana, in protest against the federal injunction abolishing the check-off system of collecting union dues.

The fact that officials of the United Mine Workers in Indianapolis had instructed the 350,000 members of that organization to regard operators compliance with the injunction as a violation of the present contracts which terminate in March, was looked upon as an invitation to a general walk out.

OBSERVANCE IS POSTPONED

Time to Short to Prepare For Father and Son Week. It is Held

The observance of Father and Son week here next week has been temporarily abandoned following a meeting Tuesday evening of Rushville ministers and Sunday school superintendents at the First Presbyterian church.

The meeting voted to postpone the observance of the week until a later date on account of many conflicts which developed and made it appear that the special week could not be held. The fact that one pastor would be absent next week, together with the opinion among church workers that there was not enough time to prepare for the event, was largely instrumental in causing postponement.

TWO COLORED MEN PLEAD IN COURT

Mose Rose Admits Assault and Battery and is Returned to Jail to Await Grand Jury Report

FRAZIER ALSO ARRAIGNED

Peads Not Guilty to Criminal Assault Charge and Bond is Fixed at \$2,000—Others Before Court

The two colored men held in jail each have entered pleas, with Mose Rose pleading guilty to the charge of assault and battery upon his wife, and Robert Frazier entering a plea of not guilty to the charge of assault with criminal intent.

Judge Sparks did not pass sentence on Rose, and sent him back to jail. It is expected that the grand jury will indict the two men, and they will be arraigned on the new charges. Frazier's bond was fixed at \$2,000 by the court.

Glen Edwards appeared before Judge Sparks shortly before noon today, being arrested on a grand jury indictment returned several weeks ago, the charge being for seduction. He pleaded not guilty and his bond in the sum of \$500 was provided. This charge replaces an affidavit of the similar nature.

In the suit pending of Joseph M. Eskew against George W. and Vincent Young, a complaint for money had and received, Judge Sparks has withdrawn from the bench on account of the relationship between the court and the defendants. A special judge for the case will have to be appointed.

In the court this morning following the handing over of the alienation case to the jury, the suit of Oneal brother against Frank Keith and Rebecca Keith was heard, and judgment was taken against the defendants when they defaulted. The suit was for an account and \$65 was asked as judgment.

LOYD GEORGE WILL NOT SAIL SATURDAY

Announcement Reveals Seriousness of Irish Peace Negotiations Which Threaten Collapse

GENERAL ELECTION FORESEEN

London, Nov. 2.—The Irish peace negotiations were resumed today in a final effort to avert a complete breakdown of the conference.

British and Sinn Fein delegates met in the government offices in Downing street at noon.

An illustration of the seriousness of the situation was seen in semi official announcement that Lloyd George would not sail for the Washington armament conference Saturday as planned.

Peace negotiations had reached such a critical stage today that both factions predicted their collapse. Should the conference be broken off, it was learned authoritatively, Premier Lloyd George would tender his own and his cabinet resignations and go before the British people in a general election on the Irish issue.

ALL FIRE TRUCK BIDS REJECTED

City Council Decides to Readvertise on Theory That Prices Are Declining

SUCH ADVICE IS RECEIVED

Arrangements Are Completed For Election With Appointment of Precinct Boards

Bids submitted October 4 on fire apparatus were rejected last night by the city council, when the members held a discussion concerning the purchase of a motor pumper, and upon recommendation of Mayor Scudder, the councilmen decided to readvertise for bids at some future time, with the possibility of prices being reduced.

One of the bidders wrote letters to the councilmen in which they offered the suggestion that they re-advertise for bids, as fire trucks were on the decline, and that city could possibly save some money, and it was upon this suggestion that all bids were rejected.

Plans for the election were completed last night and all of the minor details, such as installing the booths, furnishing electric lights, heat and various other things were disposed of by the councilmen.

The six election inspectors, headed in by A. L. Chew, chairman of the Republican party, were approved and appointed. The inspectors are as follows: precinct 1, Willard Amos; number 2, Scott Hosier; number 3, Washington Allen; number 4, Alfred Looney; number 5, G. E. Muir; number 6, C. L. Bebout.

The double board system will be used in which there will be nine officials at each voting precinct. The inspectors will appoint two clerks, and the political parties will appoint the judges and sheriffs.

The Big Four railroad was granted permission to move their tracks west six feet, 8 inches at the First Street crossing, as they are relaying their tracks, and at this point a short curve is being taken out of the tracks.

An automatic root cutter for sewer lines has been sent here on approval and the city street department will give it a tryout in the presence of the councilmen some day soon. The outfit is to be used in removing roots and other obstacles in sewers, without removing the sewer pipe.

A firm located in Decatur, Ind., has offered a proposition to the council to attempt to secure refund on overpaid freight bills. It is proposed that the firm will investigate the charges paid out, and where the railroad companies have made overcharges, claims for adjustment will be made. The city is to receive 55 percent of the money collected in this manner. The matter was left in the hands of the finance committee with power to act.

The firm has been making collections of this kind in nearby cities for manufacturers and municipalities, and in many places several hundred dollars have been recovered, which otherwise would never have been found.

FOR BENEFIT OF MILK FUND

"The Vicar of Wakefield," to be Shown at Graham Annex Friday

A seven reel moving picture show entitled "The Vicar of Wakefield" will be shown at the Graham Annex auditorium Friday afternoon at two o'clock. The picture is taken from the book written by Oliver Goldsmith and is said to be a very interesting production. A section of the auditorium will be reserved for patrons of the schools and others who want to attend and the admission charged for outsiders will go toward the benefit of the school milk fund.

CURFEW AT 8 P. M.

Booneville, Ind., Nov. 1.—Social functions and parties for school children in Booneville must not hold after eight o'clock in the evening, according to a curfew ruling of Superintendent William F. Vogel.

HEALTH CRUSADERS VISIT RUSH COUNTY

Dr. W. H. McKane, Head of Tuberculosis Division of State Health Board, to Remain Here Ten Days

FIRST MEETING LAST NIGHT

He and Miss Flora Dutcher, Nurse, Will Carry Message of Good Health to Rural Communities

Dr. H. W. McKane, director of the tuberculosis division of the State Board of Health, and his assistants will be in Rush county for the next week or ten days to visit the rural communities, taking the message of health and disease control to the outlying districts.

The first meeting was held last night at Manilla, and tonight the meeting will be held at New Salem. Last year the state workers visited Rush county in the interest of the anti-tuberculosis work, and delivered lectures at Milroy, Carthage and Rushville.

Dr. McKane is accompanied by a registered nurse, Miss Flora Dutcher, who assists him in the examination of patients, or those suspected of having tuberculosis, and the main object of the visit now is to promote a county tuberculosis clinic, such as has been held twice in Rushville.

The program being given in the community centers, includes lectures, discussions and the displaying of motion pictures along health crusade lines. Dr. McKane is assisted by another man from the state department who operates the motion picture machine, which is carried along with the company.

The exhibits also are made and are very interesting and instructive. The officers follow up reports of the health officers and visit those people who have been reported as having the disease, and in this manner keep in close touch with the county patients.

One of the main objects of the county crusades also is to find new patients, and instruct them in the manner of health both for themselves and for the community. Dr. McKane explains that there has been sixty deaths in Rush county within the last 3½ years from tuberculosis, and that last year in the state there were 30,000 deaths from the disease.

The meetings for the next week or ten days in the county will include Glenwood, Raleigh, Mays, Center township, Gings and at the Osborne school in Jackson township.

TODAY EXPECTED TO BREAK RECORDS

Tax Collections This Morning Indicate New High Mark for Fall Will be Checked up

MUST AVERAGE \$5,000 A DAY

Charles A. Frazee, county treasurer, expected all daily records for fall tax collections to be broken today on account of the rapidity with which payments were being made this morning and the size of the checks which were received through the mails. The weather was also expected to be responsible for more people visiting the treasurer's office, due to the fact that the rain yesterday stopped work on the farm.

The treasurer's office will be open Friday, Saturday and Monday evenings, which is the custom here, for the benefit of Rushville people who are not able to visit the treasurer's office in the daytime. These will be the last three days for paying taxes.

Collections Tuesday amounted to \$20,065.92, which was \$11,000 short of Monday's collections. Of the total paid Monday, \$20,065.92 was current and \$65.91 delinquent. At the beginning of business this morning, collections during the fall period totaled \$302,364.55, leaving \$173,866.45 to be paid on the fall installment. Collections must average \$35,000 a day to get all on the duplicates.

WAS TO REPORT LATE TODAY

Grand Jury Expected to Return 25 or 30 Indictments

The grand jury was finishing up their session for the present term of court today, and were expected to report about four o'clock this afternoon. It was intimated that between 25 and 30 indictments would be returned by the investigators as the result of their recent sessions. This afternoon they were inspecting the county buildings, including the jail, court house and county infirmary.

As the present term of court ends this week, it is expected that the grand jury will be discharged this afternoon when they report.

CITY NOW FREE FROM CONTAGION

City Health Officer's Report For the Month Reveals All Diphtheria Cases Cured

OTHER MONTHLY STATISTICS

Ten Births and Four Deaths in City—Ratio of Marriages to Divorces Four to One

Records in the city and county offices for the month of October, discloses that births lead deaths, and marriage licenses exceeding the number of divorce applications, 4 to 1, when 20 couples were granted marriage licenses and five couples applied for separation.

In the city of Rushville there were ten births and four deaths, and for the month previous compared with 12 deaths and nine births, shows a remarkable gain on each record.

Dr. J. B. Kinsinger, city health officer, stated that the city was now free from contagious diseases, as the diphtheria patients reported during October were now out of quarantine. During the month five cases were reported, and these were the only cases of contagious disease reported during the month.

In the circuit court there were 35 civil suits, or complaints filed, including the five divorce suits, which made the ratio of 7 suits for each divorce.

In Justice Stech's court there were 28 criminal cases placed on the docket, in 23 of which fines were paid, two were dismissed and three are yet to be tried.

The fire department responded to two alarms during the month, with the greatest loss being at the residence of Dr. J. M. Lee, where the loss was placed at \$900, and the second fire was a roof fire with a \$25 loss. The month passed without a false alarm, and it is the second year in which Halloween went by without an alarm.

SPEAKS TO KIWANIS CLUB

Head of Tuberculosis Division of State Board of Health Here Today

Dr. McKane, head of the tuberculosis division of the Indiana state board of health, made the principal address before the regular meeting of the Kiwanis club today noon at the First Baptist church basement, and other guests included Ross Conway of Indianapolis, special efforts secretary of Salvation Army in Indiana; the Rev. Reno Tacoma, pastor of the church, and Lee Thomas of Warsaw, formerly of this city, who is visiting here. All spoke briefly. Ensign Conway was a member of the Kiwanis club at Lafayette when in charge of the Salvation Army corps there.

The meal consisted of a rabbit dinner which was excellently served by the Ladies Aid society of the church. Fred A. (Nimrod) Caldwell and a friend provided the rabbits for the meal.

(By United Press)

Kansas City, Nov. 2.—A resolution demanding immediate passage by Congress of the five-fold plan of adjusted compensation for ex-service men was passed by the third annual American legion convention after speakers had scored "back door politics" which they declared was responsible for the bills recently defeated.

The resolution was included in the report of the executive committee. Speakers who presented the report declared that the recent defeat of the bill was brought about by a small minority.

It was declared the country as a whole favors the adoption of the bill as a "national obligation to ex-service men."

The remainder of the legislative report containing resolutions for reclamation of lands, increased compensation for blind and maimed ex-service men amendment to the war risk insurance act priority rights for ex service men under the homestead act and the making of armistice day a national holiday were adopted.

Sixty thousand school children lined the city's boulevards this morning as Marshal Foch and General Jacques, with their staffs, passed in motor cars. Foch had planned to spend the day in meditation—the anniversary of the death of his son in the world war. He consented to forego that plan for the pleasure of Kansas City's future citizens.

Charles Bertrand, president of the Inter Allied Veterans association was to appear at the convention meeting. After his address business meetings will wind up the closing day of the convention of 100,000 ex-service men.

With 528 votes necessary to elect, Oklahoma today claimed 775 for Brigadier General Roy Hoffman, "favorite son" for commander. JURY EXPECTED TO DISAGREE IN CASE

Ask For Reading of Instructions Again This Afternoon in \$10,000 Alienation Suit

DELIBERATING SINCE 9:20

The jury was still deliberating this afternoon at three o'clock over the evidence in the case of Thomas R. Black against Lewis Matney, the suit heard this week in the circuit court wherein the plaintiff demanded \$10,000 judgment for the alleged alienation of the affections of his wife.

The evidence was completed yesterday afternoon and most of the arguments delivered, and this morning the jury was instructed, and the case given over to them for deliberation at 9:20. At two o'clock the jurors came into court and had Judge Sparks read over the instructions for the second time.

It is the belief that the jury will be unable to reach a decision, and at one time this afternoon gave evidence to that fact when they called in the court bailiff, but they were told to continue their balloting.

Gov. McCray, Just Back From Washington, Says Federal Aid is Available For Construction

GRADING TO BE FIRST MOVE

Some Opposition to Starting Contracts on Hard Surface Roads Now Due to Weather

Indianapolis, Ind., Nov. 2.—Road construction in Indiana will go forward now with the aid of federal funds, Governor McCray announced today on his return from Washington and Jacksonville, Florida. The governor went to Washington to receive an answer to procuring government money for road building.

There is available in Washington for road building a total of \$4,559,000. The road program on which this money will be spent has not yet been determined, according to the governor. A number of grading contracts will be let soon as the first move, the governor stated.

The governor approaches some opposition to starting contracts on hard surface roads now because of the nearness of winter and because of the high price of cement. He objects to buying cement at this time because he believes the prices will be lower.

The government bears one-half the expenses on the building of federal aid roads but heretofore the state was made to bear the entire cost until the project was completed. Now the federal government pays one-half every time the state makes a payment to the contractor.

The purpose of the governor in asking for assistance was primarily that of solving unemployment. Secretary of Commerce Hoover asked the governor to help in the solving of the unemployment problem.

The governor also announced the success of his plan for the state to care for tubercular ex-service men by building barracks at the state sanatorium at Rockville.

ADDRESSES ROTARY CLUB

E. Dwight Johnston of Connersville Speaks at Regular Luncheon

E. Dwight Johnston, past president of the Connersville Rotary club and the "daddy" of the Rushville club, addressed Rushville Rotarians at the weekly luncheon at the Social Club Tuesday. He complimented the Rushville club on its development since it was instituted by Connersville Rotarians a year ago last January. Mr. Johnston discussed the ideals of Rotary and pictured the results in case they were generally adopted throughout the world.

Ensign Ross Conway, special efforts of the Salvation Army, who is here in the interests of a one-day campaign for the Army, also made a short talk.

District officials expressed the belief that 30,000 men employed by 230 mines would be out in the district before Friday.

Walkout in Ohio Field

Athens, Ohio, Nov. 2.—The strike of 300 miners in the Hocking Valley coal field in protest against Judge Anderson's injunction, continued today.

The walk-out was expected to spread to other sections of the Ohio field today.

West Virginia Strike Remote

Charleston, W. Va., Nov. 2.—Possibility of an organized strike of West Virginia miners in protest against the Anderson injunction was believed to be remote today because their leaders either are in jail or are fugitives.

District Eleven Affected

Evansville, Ind., Nov. 2.—Miners in the extreme southern end of District 11 started their walkout today in protest against the check-off injunction.

One hundred miners quit at Newburg, near here. Union officials expect the action to be followed at once by walkouts in many of the other forty mines in this district. Four hundred miners have walked out at Princeton.

Boonville miners will work until they get the sanction of district officials for a walkout.

When you get a feverish, aching soreness of the arm which seems to have deprived the muscles of power, the trouble is neuritis.

Neuritis is an inflammation of the nerve. Its blood vessels expand, there is excessive heat, and there is a discharge of serum into the cells which soften the muscles and degenerates the nerve. The cause is pressure at the spinal nerve opening, and the correction is Chiropractic spinal adjustments. If attention is given in time, no serious results follow. The tendency of neuritis, unless the cause is removed, is to paralyze the parts affected.

Equal Opportunities

If there is any place on earth where labor has the full sympathy and utmost good wishes of the people generally, such a place is the United States. Here we have no aristocracy of wealth. We have, it is true, a few families whose accumulations have been so organized as to insure their being handed down from generation to generation, but these could be counted on the fingers—perhaps on the fingers of one hand. As a rule, each generation makes its own fortune—carves its own destiny. Those who live and conduct their business upon inherited wealth are so few and their wealth so relatively small that they need not be taken into consideration in dealing with the large problems of labor in America.

The American people are workers and always have been. At one period in our history, it may be admitted, a system of slavery existed in part of the United States States and there was a disposition to look upon manual labor by a white man as degrading—placing the laborer in

a caste beneath that of the large slave owner. But that period has long since passed and the South today realizes as much as does the North the evils of the Slave system and the benefits of a system that makes all useful occupation honorable. The door of opportunity now stands wide open and the lowest laborer of today may be the captain of industry in as short a time as he can demonstrate his ability.

While there may be some exceptions to the rule, it is generally true that men who have worked their way up to financial success never forget the conditions under which they labored and never lose their understanding of the difficulties, the burdens and the needs of those who still toil as they toiled in days that are gone. The man who has suddenly inherited wealth or has acquired a fortune through unusual good luck, may with equal rapidity lose his feeling of fellowship for his less fortunate associate, but instances of this kind are too few to be worth more than a passing expression of contempt. The vast majority of Americans, whatever their status today, have passed through their period of exacting labor, of alternate success and failure, of gratification and disappointment, of self-sacrifice and of long-delayed reward.

Warren G. Harding, who will be by some considered the most successful American today and by others regarded merely as our greatest burden-bearer, can never forget the days when he did every form of work in a small printing office, or the later days when he sweat blood on Saturday morning trying to figure out how he would meet the payroll on Saturday night. Henry Ford began as a mechanic at the bench; Howard Elliot carried a rod and answered the beckoning of a surveyor on a railroad; C. H. Markham pounded gravel under railroad ties; John Wanamaker began as errand boy in a book store;—but there is no need to prolong the list. Mention of names of national repute is but a repetition of what could be done in every community concerning successful men in a more limited field. The point is that the employers of today were employees of a few years ago—the supervisors of today served their apprenticeship in the ranks, and they can and do weigh the economic problems of the nation with a full appreciation of the interest and viewpoint of the wage earner.

All this should be kept in mind in these days when we are trying to achieve a unity of purpose and effort in returning from war conditions to normalcy.

Your neighbor voices his true opinion of you when he looks at your back yard.

"What's in a name?" inquires a doubting one. A hyphen, too frequently.

NON PARTISANS HAVE NEW HOPE IN ELECTION

If They Succeeded in Defeating Two or Three Measures of Independents Who Not be so Bad

FIGHT IS NEARING THE END

(By United Press)

Fargo, N. D., Nov. 2.—With some of the initiative measures in the recall election undoubtedly defeated, Non-Partisans today took on new hope.

If they succeeded in defeating even two or three of the measures set up by the Independents, the ousting of their office holders will not taste so bad, they said.

Around League headquarters there was talk of a general house cleaning before the primaries next spring. How far the reorganization would go was not indicated. Four of the league's greatest leaders are now out of it. The organization is tottering.

President Townley goes to jail in Minnesota today for three months. Vice President Lenke was ousted as attorney general in the election. Governor Frazier and Commissioner Hagen also were ousted. This leaves the organization without leaders who are outstanding. Despite the fact that Frazier, Lenke and Hagen polled around 100,000 votes, and were beaten only by narrow margins, they will step out of the line light at least temporarily as a result of their defeat.

Meantime Independents who captured the offices of governor attorney general and commissioner of agriculture and labor, planned to take time by the forelock and perfect an organization in the next few months that will defy reorganization purposes of the League.

GOOD PROGRESS IS MADE

Good progress was reported today at noon in the one-day campaign of the Salvation Army to raise funds for winter relief work by the Army. Ensign Ross Conway from State headquarters, special efforts secretary, was in charge of the drive, and was being assisted by Captain and Mrs. Millman of Newcastle, Envoys and Mrs. William Amberger of Richmond and Captain and Mrs. Charles Sprague of Shelbyville.

The Army officers also had help from some local citizens who helped in the canvass. Captain Millman will conduct a meeting at the Salvation Army hall tonight.

KICKLESS BREW OF MAT TO BE SHOWN

Politeness and Courtsey Will Rule Over Brawn and Muscle in New York Match

HEADLOCK IS UNDER BAN

New York, Nov. 2.—One half of one percent wrestling will be served here tomorrow for the first time.

The new kickless brew of the mat will be served without toe hold, scissors hold, headlock or any of the other muscle and bone intoxicants of the old orgy days.

Various commissioners, agents and official smelters will be around with their foot on the ring rail when strangler Lewis, the former exponent of the headlock, and Joe Polk go into the first match Thursday night in which politeness and courtsey will rule over brawn and muscle.

Both run the risk of being thrown out of the ring and having their license revoked if they should become angered by any impolite act of the other fellow.

Strangler Lewis who used to get an enemy head in the crook of his arm and squeeze it until the poor pate caved in might walk jauntily into the ring with a bunch of flowers, a box of cigars and a smiling request:

"Wouldst lie down for me like a nice boy?"

day evening with a Hallowe'en party at her home west of Arlington. The home was decorated very beautifully with pumpkins, autumn leaves and fodder shocks. Those who enjoyed the affair were the Misses Marie Alsmann, Nelda Arnold, Mabel Lee, Marian Tittsworth, Marguerite Plummer, Geneva, Pearl, Nellie and Pauline Macy of Manilla and Will Marshall, Denning Nelson, Lee Mitchell, Frank Coon, Frank Sullivan and Homer Cooley. At a late hour dainty refreshments were served.

The Ladies Missionary Society of the Main Street Christian church will meet Thursday afternoon in the basement of the church. The following program will be given on the subject "India Converted;" Bible study, Mrs. Wilbur Stiers; "Characteristics and Conditions of the People," Mrs. Will Brown; "The First Missionary to India," Mrs. Ed Billings; "Our India Mission," Mrs. John Gartin; "The Missionary," Mrs. John A. Tittsworth; "Through the Eye Gate," Miss Emma Casady; "Echoes From Everywhere," Mrs. Clifford Winship. The leader of the program will be Mrs. J. J. Ames.

Members of the Tir Kappa sorority entertained their husbands at the annual pitch-in supper and Hallowe'en party Tuesday evening at the home of Mr. and Mrs. Will B. Norris, northwest of the city. The patronesses of the local chapter, Mrs. Will M. Sparks, Mrs. A. G. Haydon, Mrs. Robert L. Tompkins and Mrs. Frank Reynolds, together with their husbands, were also guests.

Following the supper, which was served cafeteria fashion, the guests were amused with Hallowe'en games and contests. Mr. and Mrs. Jack Pedigo and daughter Joan of Columbus, Ohio, who have been visiting Mr. and Mrs. Norris, were also guests.

Miss Leah Worth entertained a number of friends Monday evening at her home, 603 East Tenth street, with a Hallowe'en party. The home was beautifully decorated with the Hallowe'en emblems and flowers, the color scheme of black and yellow being used. The guests were masked during the evening. They included Mary Jeffrey, Christine Behout, Harold Jeffrey, Frances Wallace, Eulala Wiley, Lillian Gregg, Frances Sherman, Allen Smith, Hettie Worth,

Clara Colvin, Mary Louise Gregg, Ruth Hardwick, Marguerite Gregg, Lester Hardwick, Eulala Hinchman, Lillian Gregory, Rebecca Gregg, William Worth, Evelyn Davis, Marguerite Ross, Mary Louise Tabor, Kenneth Tabor and Esther Hardwick. Music and games were enjoyed and refreshments of pop corn, apples, ginger bread and cider were served.

Miss Angie Godwin, superintendent of the Methodist Children's Home of Greencastle, Ind., gave a very appropriate talk on the home in that city yesterday afternoon before the Ladies Aid Society of the St. Paul's M. E. church which met at the home of Mrs. Homer Powell in North Morgan street. Sixty members were present for the meeting. During the social hour at the close of the regular meeting the hostess, assisted by Mrs. John Walker and Mrs. Warren T. Elder, served refreshments.

The W. R. C. Penny Social met yesterday afternoon at the home of Mrs. Belle Smith in West Third street. The assisting hostesses were Mrs. Black, Mrs. Cox and Mrs. Worthington. After a business session a fine program was given. In the contest the prizes were awarded to Mrs. Bainbridge and Mrs. Webb. The gypsy fortune teller proved very amusing. During the social hour an elegant two course luncheon was served. Thirty-one members were present at this meeting. Mrs. Finley, Mrs. Allen and Mrs. Bainbridge will be hostesses for the December social at which time exchange of gifts will be made.

The Thursday Afternoon Bridge club will be entertained tomorrow afternoon by Mrs. Louis Mauzy at her home in North Perkins street.

Lurline Council number 296, degree of Pocahontas will hold its regular stated meeting Thursday night at 7:30 o'clock at the Red Men hall, and all members are urged to attend.

Mr. and Mrs. Ithamer McCarty, living north of Rushville, entertained a number of guests Sunday at dinner, among those being Mrs. J. B. McCarty, Mr. and Mrs. G. P.

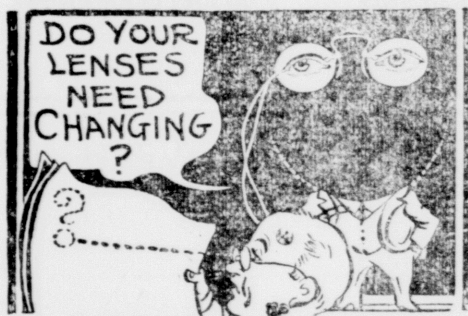

McCarty, Mr. and Mrs. Chester Stevens and daughter Evelyn, all of Rush county and Mr. and Mrs. Bob Craig of Connersville.

Mrs. Josie Webb entertained a number of her friends yesterday at her home in West Third street with a delicious chicken dinner. Those participating in the affair were Mrs. Sarah Guffin, Mrs. Bruce Wilson, Mrs. Mary E. Young, Mrs. James Gregg, Mrs. Clara Colvin, Mrs. Ida Lee, Mrs. Margaret Hoadley, and Lee, Mrs. Margaret Hoadley, Mrs. George Murphy and Mrs. J. T. Turner.

Miss Ethel Posz, Miss Vida Frow and the Misses Elsie and Ruby Louden entertained a number of their friends Monday evening at the home of Miss Posz west of the city with a Hallowe'en party. The rooms of the home were artistically decorated with autumn leaves, Jack-O-Lanterns and wall pockets of flowers. The guests were masked, Orin Miller receiving the prize for being the most cleverly masked. Fortune telling stunts and music furnished the amusement for the evening. Later in the evening the guests were invited into the dining room where refreshments of sandwiches, doughnuts, apples, candy and fruit punch were served. The centerpiece of the dining table was a huge pumpkin filled with flowers. The guests who enjoyed the evening were the Misses Helen Moor, Hope Hanna, Helen Hoffman, Violet Wiley, Mabel Hiner, Gladys Miller, Clara Johnson, Emma Brown, Laconda Miller, Helen Mull, Vida Frow, Ruby and Elsie Louden, Irene Gahimer, Ethel and Julia Posz, Thelma Louden and Fon Miller, Orin Miller, Basil Wiley, Virgil Cochran, Oren Veatch, Carroll Miller, Ralph Brown, Virgil Pike, Lafayette Lower, Thomas E. THIN, FLAT HAIR
GROWS LONG, THICK
AND ABUNDANT

"Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.

Strike Caused by Drivers of Milk
Wagons Causes Eight Million
People to Face Famine

DRIVERS DEMAND INCREASE

(By United Press)
New York, Nov. 2.—Eight million persons in New York and vicinity faced a milk famine today as result of a strike of wagon drivers. The strike went into effect when the demands of the drivers for a \$5 a week wage raise and two weeks vacation were refused and attempts at mediation by city and federal officials failed.

Only enough men to supply hospitals and other institutions and to feed horses at the stables reported for work today.

The districts affected by the strike include greater New York, all of Connecticut within twenty miles of the Massachusetts border, a part of Long Island and New Jersey as far east as Patterson and Passaic.

TO PROBE DOUBLE MURDER

Grand Jury Called at Portsmouth,
Ohio to Make an Inquiry

Portsmouth, Ohio, Nov. 2.—Hopes of solving the mysterious double murder of Louise Doyle 19, and J. W. Newman, 26, today rested with the county grand jury, summoned to make a probe tomorrow.

Authorities tracing leads, since the bodies of the two church workers were discovered in an abandoned cottage last Saturday, have failed to make an arrest. Officials have been unable to agree on a motive.

Sheriff E. E. Rickey was reported working on a new clew but he refused to make any comment.

COTTON GROWERS
FEAR COMPETITION

Production Costs Will be Subject
Annual Session of National Association

OPENS TODAY IN BOSTON

New England Textile Manufacturers
are Afraid Germany Will Open
Similar Trade With U. S.

(By United Press)

Boston, Nov. 2.—Production costs will be the subject of open discussion in the first session of the annual meeting of the National Association of Cotton Manufacturers which opened here today in connection with the International Textile Exposition.

A general relief over the prospect of tariff protection was noticed among the cotton men here to attend. It was pointed out that during the war, the big struggle eliminated European countries as competitors in the cotton trade but now the manufacturers of the country welcome protection as a result of indications of renewed competition from abroad.

It was stated today that the cotton manufacturers of New England do not contemplate any immediate wage reductions, although it was admitted that the question of wages and labor costs were being studied. Cotton trade developments in central Europe are being closely watched, it was learned, because of the possibility of Germany becoming a dangerous competitor in the textile industry. Indications are that the export trade is proceeding on the basis of an export of 675,000,000 yards of cotton goods.

Speaking of possible German competition, it was pointed out that German mill workers are paid the equivalent of \$4 a week, while American operatives receive nearly six times that wage.

Tomorrow's meeting will be given over almost entirely to the discussion of production costs in which the various representatives compared figures.

On Thursday morning, Frank W. Reynolds, chairman of the committee on Industrial Research of the national association, will preside at a meeting in which research and the progress made in connection with cotton manufacture will be described.

NOTICE OF BOND SALE

Notice is hereby given by the undersigned, Treasurer of Rush County, Indiana, that on and after two o'clock p. m. on TUESDAY, NOVEMBER 15th, 1921, at the office of said Treasurer in the Court House at Rushville, Indiana, he will receive sealed bids for the purchase of Seven Thousand Six Hundred Dollars (\$7,600.00) Road Bonds, said bonds to be 20 in number, dated November 15th, 1921, each bond for the principal sum of Three Hundred Eighty Dollars (\$380.00) bearing interest at the rate of five per cent (5%) per annum, payable semi-annually, on the 15th day of May and November of each year.

The first bond will be due and payable on May 15th, 1923, and one bond each six months thereafter until all of said bonds have been paid.

Said bonds have been issued for the purpose of providing funds for the construction and improvement of a certain highway petitioned for by Francis J. Hurst et al. of Orange Township, Rush County, Indiana, and will be sold to the highest bidder for not less than par and accrued interest.

The right is reserved to reject any and all bids.

Treasurer Rush County, Ind.

A Laugh Or Two

A Pair of a Kind

Last Saturday a certain Rushville woman remarked to her husband: "Honey, this is our wedding anniversary. Don't you think we'd better celebrate?"

"Why, of course," replied the fond husband. "We'll go to Indianapolis and spend the day having a good time."

On Sunday they were describing the evening to a mutual friend.

"But they were married in November," said the friend in astonishment.

And it just dawned on both of them that they had celebrated a month too early.

Safety First

A distinguished citizen of Rushville was seen going through some strange maneuvers Monday evening and one of his neighbors inquired what he was doing.

Said distinguished citizen then explained that it was a regular Halloween custom of his to turn over carefully an outbuilding at the rear of his home to prevent the marauders from demolishing it. The following morning he puts the building back up and it is none the worse for the wear.

It might be explained that the building in question is one which is generally the target of those who like to play pranks on Halloween.

Mother was engaged in the daily routine of housework and was paying very little attention to the five-year-old daughter, who was apparently amusing herself. Suddenly this:

"Mother, I wish both of my grandmothers were dead."

"Why child," said mother, "what made you say such a thing?"

"Well," answered the daughter, in all seriousness, "then us kids would always get to go with you people (meaning her parents) wherever you went."

FACES TWO MORE CHARGES

Two more affidavits have been filed in Justice Stech's court against Charley Davis of Center township, one being for profanity and the other for trespass. He is to be tried Saturday on a charge of assault and battery, and the other cases Monday and Tuesday.

BENJAMIN H. KAUFFMAN,
Reading, Pa.

"There's no doubt in my mind that Tanlae saved my wife's life," was the positive statement of Benjamin H. Kauffman, 505 Bingham St., Reading, Pa., popular clothing salesman for the well-known firm of Croll & Keck:

"I was almost desperate from worrying over her condition, as she had suffered so long without getting relief and I can hardly believe my own eyes now when I see the change in her. Why, she doesn't show her age by twenty years and declares she never remembers feeling better in her life. Her health was failing steadily for a year as a result of catarrh of the stomach, and I have never seen anybody suffer as much from indigestion and nervousness as she did."

"After a five weeks' course of Tanlae she was like another person, and I'm firmly convinced that years have been added to her life. It makes me shudder now when I think what the result might have been if she hadn't taken Tanlae in time."

Tanlae is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

Ouch! Lame Back

Rub backache, Lumbago, Soreness and stiffness away - Try this!

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.—Advertisement.

MAKES PLEA FOR U. S. PAPER MAKER

R. S. Kellogg Says American Publishers Will Ultimately Suffer From Buying Imported Paper

AMERICA CAN'T COMPETE

Costs Less to Ship Newsprint From Scandinavia to New York Than it Does Within The State

(By United Press)

Chicago, Ill., Nov. 2.—"American publishers will suffer in the long run from the present condition in the paper import situation, for American mills can not make paper to meet present European prices, and Europe cannot supply America's permanent needs".

This was the way in which the importation of foreign paper was discussed by R. S. Kellogg, secretary of the News Print Service Bureau, composed of Canadian and American manufacturers, at the convention of the Salesmen's Association of the Paper Industry yesterday.

"It costs less to ship a ton of newsprint paper from Scandinavia to New York City than to ship a ton of the same paper from Niagara Falls to New York City", Kellogg said. "America's paper industry, therefore, faces serious competition from foreign lands, not alone because of the fact that foreign paper is being made by very cheap labor, under depreciated exchange conditions, but because of the cost of shipments as well. America, though it has the best, fastest and most modern paper mills in the world, cannot successfully compete with the prices of European paper made and shipped under these conditions. The normal result would be wide swings in prices, which are always disadvantageous to producer and purchaser alike, in any commodity where price extremes are found.

"It is better", continued Kellogg, "for the American user of newsprint to have a dependable source of supply at home, at a price which affords a reasonable profit to the manufacturer and thus encourage greater production, than to have a temporary supply from abroad, at prices fixed by ruinous unfair competition, which will vanish when world conditions again approach normal".

MILK REDUCED THREE CENTS

Co-operative Marketing by Indiana Farmers Would be Result

(Written for United Press)

Indianapolis Ind., Nov. 2.—Co-operative marketing of milk by Indiana farmers will reduce its cost to the consumer about three cents a quart, according to a high official of the Indiana Federation of Farmer's associations.

This system will enable farmers to obtain more for their milk, the official said. It will squeeze many middlemen out of business, it was alleged.

The organization will be developed first in Indianapolis and then spread to other marketing centers of the state.

Nation-Wide Walkout Hinges on
Construction of Injunction Issued

CONTRACT VIOLATION SEEN

If All Mine Operators Regard it as
Applying to Them, General Strike

WALKOUTS IN MANY PLACES

Ohio And Illinois Fields Are Affected—Miners Hold Only Indiana
Operators Affected

(By United Press)

Indianapolis, Ind., Nov. 2.—Strike of bituminous coal miners tying up the mines in sixteen states apparently hinged today upon whether all mine operators construed the federal check-off injunction as applying to them.

If they do strike it will probably materialize about November 10 and at any rate Indiana will be threatened with an authorized walkout at that time.

Operators in this state say they will obey the injunction in preference to the strike orders sent out last night by officials of the United Mine Workers declaring that the abolition of the check-off system is a violation of the contract.

There are about 30,000 miners in Indiana and approximately 28,000 were on strike today in protest against the injunction temporarily restraining the operators from deducting the union dues from the miners' pay checks.

It is understood that the miners hold that the injunction affects only Indiana operators named as defendants. If their position is sustained in the appeals to the United States Circuit court of appeals at Chicago there is a possibility of strike tying all bituminous fields.

There is understood to be less than one million dollars in the national treasury but union officials say that individual districts would finance the strike, and that benefits would not be paid until the strike was five or six weeks old.

Judge Anderson's injunction specifically restrains further efforts of unions to organize open shop fields in West Virginia and makes it impossible for operators to carry on the check off system.

The judge received a telegram sent out by union officials last night and it will be for him to determine whether the telegram and its result would be in violation of the injunction.

Federal Judge A. B. Anderson read the order which President John Lewis and other officers of the United Mine Workers sent out to their constituents last night and reserved comment. The order told the men to regard as a breaking of the contract any attempt by the operators to relinquish the check-off system of collecting union dues.

It will be for Judge Anderson to Continued on Page Two

Strike In a Nutshell

(Written for United Press)

On the verge of winter America was threatened with a fuel famine today.

The growing "outlaw" strike of union miners, combined with the existing shortage in coal supplies produced a situation generally regarded as serious.

More than 20,000 miners already had quit work in Ohio, Illinois and Indiana, in protest against the federal injunction abolishing the check-off system of collecting union dues.

The fact that officials of the United Mine Workers in Indianapolis had instructed the 350,000 members of that organization to regard operators compliance with the injunction as a violation of the present contracts which terminate in March, was looked upon as an invitation to a general walk out.

OBSERVANCE IS POSTPONED

Time to Short to Prepare For Father and Son Week. It is Held

The observance of Father and Son week here next week has been temporarily abandoned following a meeting Tuesday evening of Rushville ministers and Sunday school superintendents at the First Presbyterian church.

The meeting voted to postpone the observance of the week until a later date on account of many conflicts which developed and made it appear that the special week could not be held. The fact that one pastor would be absent next week, together with the opinion among church workers that there was not enough time to prepare for the event, was largely instrumental in causing postponement.

TWO COLORED MEN PLEAD IN COURT

Mose Rose Admits Assault and Battery and is Returned to Jail to Await Grand Jury Report

FRAZIER ALSO ARRAIGNED

Pleads Not Guilty to Criminal Assault Charge and Bond is Fixed at \$2,000—Others Before Court

The two colored men held in jail each have entered pleas, with Mose Rose pleading guilty to the charge of assault and battery upon his wife, and Robert Frazier entering a plea of not guilty to the charge of assault with criminal intent.

Judge Sparks did not pass sentence on Rose, and sent him back to jail. It is expected that the grand jury will indict the two men, and they will be arraigned on the new charges. Frazier's bond was fixed at \$2,000 by the court.

Glen Edwards appeared before Judge Sparks shortly before noon today, being arrested on a grand jury indictment returned several weeks ago, the charge being for seduction. He pleaded not guilty and his bond in the sum of \$500 was provided. This charge replaces an affidavit of the similar nature.

In the suit pending of Joseph M. Eskew against George W. and Vincent Young, a complaint for money had and received, Judge Sparks has withdrawn from the bench on account of the relationship between the court and the defendants. A special judge for the case will have to be appointed.

In the court this morning following the handing over of the alienation case to the jury, the suit of Oneal brother against Frank Keith and Rebecca Keith was heard, and judgment was taken against the defendants when they defaulted. The suit was for an account and \$65 was asked as judgment.

LOYD GEORGE WILL NOT SAIL SATURDAY

Announcement Reveals Seriousness of Irish Peace Negotiations Which Threaten Collapse

GENERAL ELECTION FORESEEN

London, Nov. 2.—The Irish peace negotiations were resumed today in a final effort to avert a complete breakdown of the conference.

British and Sinn Fein delegates met in the government offices in Downing street at noon.

An illustration of the seriousness of the situation was seen in semi official announcement that Lloyd George would not sail for the Washington armament conference Saturday as planned.

Peace negotiations had reached such a critical stage today that both factions predicted their collapse. Should the conference be broken off, it was learned authoritatively, Premier Lloyd George would tender his own and his cabinet resignations and go before the British people in a general election on the Irish issue.

ALL FIRE TRUCK BIDS REJECTED

City Council Decides to Readvertise on Theory That Prices Are Declining

SUCH ADVICE IS RECEIVED

Arrangements Are Completed For Election With Appointment of Precinct Boards

Bids submitted October 4 on fire apparatus were rejected last night by the city council, when the members held a discussion concerning the purchase of a motor pumper, and upon recommendation of Mayor Seudder, the councilmen decided to readvertise for bids at some future time, with the possibility of prices being reduced.

One of the bidders wrote letters to the councilmen in which they offered the suggestion that they re-advertise for bids, as fire trucks were on the decline, and that city could possibly save some money, and it was upon this suggestion that all bids were rejected.

Plans for the election were completed last night and all of the minor details, such as installing the booths, furnishing electric lights, heat and various other things were disposed of by the councilmen.

The six election inspectors, headed by A. L. Chew, chairman of the Republican party, were approved and appointed. The inspectors are as follows: precinct 1, Willard Amos; number 2, Scott Hosier; number 3, Washington Allen; number 4, Alfred Looney; number 5, G. E. Maure; number 6, C. L. Behout.

The double board system will be used in which there will be nine officials at each voting precinct. The inspectors will appoint two clerks, and the political parties will appoint the judges and sheriffs.

The Big Four railroad was granted permission to move their tracks west six feet, 8 inches at the First Street crossing, as they are relaying their tracks, and at this point a short curve is being taken out of the tracks.

An automatic root cutter for sewer lines has been sent here on approval and the city street department will give it a tryout in the presence of the councilmen some day soon. The outfit is to be used in removing roots and other obstacles in sewers, without removing the sewer pipe.

A firm located in Decatur, Ind., has offered a proposition to the council to attempt to secure refund on overpaid freight bills. It is proposed that the firm will investigate the charges paid out, and where the railroad companies have made over charges, claims for adjustment will be made. The city is to receive 55 percent of the money collected in this manner. The matter was left in the hands of the finance committee with power to act.

The firm has been making collections of this kind in nearby cities for manufacturers and municipalities, and in many places several hundred dollars have been recovered, which otherwise would never have been found.

HEALTH CRUSADERS VISIT RUSH COUNTY

Dr. W. H. McKane, Head of Tuberculosis Division of State Health Board, to Remain Here Ten Days

FIRST MEETING LAST NIGHT

He and Miss Flora Dutcher, Nurse, Will Carry Message of Good Health to Rural Communities

Dr. H. W. McKane, director of the tuberculosis division of the State Board of Health, and his assistants will be in Rush county for the next week or ten days to visit the rural communities, taking the message of health and disease control to the outlying districts.

The first meeting was held last night at Manilla, and tonight the meeting will be held at New Salem. Last year the state workers visited Rush county in the interest of the anti-tuberculosis work, and delivered lectures at Milroy, Carthage and Rushville.

Dr. McKane is accompanied by a registered nurse, Miss Flora Dutcher, who assists him in the examination of patients, or those suspected of having tuberculosis, and the main object of the visit now is to promote a county tuberculosis clinic, such as has been held twice in Rushville.

The program being given in the community centers, includes lectures, discussions and the displaying of motion pictures along health crusade lines. Dr. McKane is assisted by another man from the state department who operates the motion picture machine, which is carried along with the company.

The exhibits also are made and are very interesting and instructive. The officers follow up reports of the health officers and visit those people who have been reported as having the disease, and in this manner keep in close touch with the county patients.

One of the main objects of the county crusades also is to find new patients, and instruct them in the manner of health both for themselves and for the community. Dr. McKane explains that there has been sixty deaths in Rush county within the last 34 years from tuberculosis, and that last year in the state there were 30,000 deaths from the disease.

The meetings for the next week or ten days in the county will include Glenwood, Raleigh, Mays, Center township, Gings and at the Osborne school in Jackson township.

TODAY EXPECTED TO BREAK RECORDS

Tax Collections This Morning Indicate New High Mark for Fall Will be Checked up

MUST AVERAGE \$5,000 A DAY

Charles A. Frazee, county treasurer, expected all daily records for fall tax collections to be broken today on account of the rapidity with which payments were being made this morning and the size of the checks which were received through the mails. The weather was also expected to be responsible for more people visiting the treasurer's office, due to the fact that the rain yesterday stopped work on the farm.

The treasurer's office will be open Friday, Saturday and Monday evenings, which is the custom here, for the benefit of Rushville people who are not able to visit the treasurer's office in the daytime. These will be the last three days for paying taxes.

Collections Tuesday amounted to \$20,065.92, which was \$11,000 short of Monday's collections. Of the total paid Monday, \$20,065.92 was current and \$65.91 delinquent. At the beginning of business this morning, collections during the fall period totaled \$302,364.55, leaving \$173,866.45 to be paid on the fall installment. Collections must average \$35,000 a day to get all on the duplicates.

WAS TO REPORT, LATE TODAY

Grand Jury Expected to Return 25 or 30 Indictments

The grand jury was finishing up their session for the present term of court today, and were expected to report about four o'clock this afternoon. It was intimated that between 25 and 30 indictments would be returned by the investigators as the result of their recent sessions. This afternoon they were inspecting the county buildings, including the jail, court house and county infirmary.

As the present term of court ends this week, it is expected that the grand jury will be discharged this afternoon when they report.

CITY NOW FREE FROM CONTAGION

City Health Officer's Report For the Month Reveals All Diphtheria Cases Cured

OTHER MONTHLY STATISTICS

Ten Births and Four Deaths in City—Ratio of Marriages to Divorces Four to One

Records in the city and county offices for the month of October, discloses that births lead deaths, and marriage licenses exceeding the number of divorce applications, 4 to 1, when 20 couples were granted marriage licenses and five couples applied for separation.

In the city of Rushville there were ten births and four deaths, and for the month previous compared with 12 deaths and nine births, shows a remarkable gain on each record.

Dr. J. B. Kinsinger, city health officer, stated that the city was now free from contagious diseases, as the diphtheria patients reported during October were now out of quarantine. During the month five cases were reported, and these were the only cases of contagious disease reported during the month.

In the circuit court there were 35 civil suits, or complaints filed, including the five divorce suits, which made the ratio of 7 suits for each divorce.

In Justice Stech's court there were 28 criminal cases placed on the docket, in 23 of which fines were paid, two were dismissed and three are yet to be tried.

The fire department responded to two alarms during the month, with the greatest loss being at the residence of Dr. J. M. Lee, where the loss was placed at \$800, and the second fire was a roof fire with a \$25 loss. The month passed without a false alarm, and it is the second year in which Halloween went by without an alarm.

SPEAKS TO KIWANIS CLUB

Head of Tuberculosis Division of State Board of Health Here Today

Dr. McKane, head of the tuberculosis division of the Indiana state board of health, made the principal address before the regular meeting of the Kiwanis club today noon at the First Baptist church basement, and other guests included Ross Conway of Indianapolis, special efforts secretary of Salvation Army in Indiana; the Rev. Reno Tacoma, pastor of the church, and Lee Thomas of Warsaw, formerly of this city, who is visiting here. All spoke briefly. Ensinger Conway was a member of the Kiwanis club at Lafayette when in charge of the Salvation Army corps there.

The meal consisted of a rabbit dinner which was excellently served by the Ladies Aid society of the church. Fred A. (Nimrod) Caldwell and a friend provided the rabbits for the meal.

Thirteen couples last night were married by National Chaplain Iuzer who performed the ceremonies free "as part of his Legion duty."

(By United Press)

Kansas City, Nov. 2.—A resolution demanding immediate passage by Congress of the five-fold plan of adjusted compensation for ex-service men was passed by the third annual American legion convention after speakers had scored "back door politics" which they declared was responsible for the bills recently defeated.

The resolution was included in the report of the executive committee. Speakers who presented the report declared that the recent defeat of the bill was brought about by a small minority.

It was declared the country as a whole favors the adoption of the bill as a "national obligation to ex-service men."

The remainder of the legislative report containing resolutions for reclamation of lands, increased compensation for blind and maimed ex-service men amendment to the war risk insurance act priority rights for ex service men under the home-stead act and the making of armistice day a national holiday were adopted.

Sixty thousand school children lined the city's boulevards this morning as Marshal Foch and General Jacques, with their staffs, passed in motor cars. Foch had planned to spend the day in meditation—the anniversary of the death of his son in the world war. He consented to forego that plan for the pleasure of Kansas City's future citizens.

Charles Bertrand, president of the Inter Allied Veterans association was to appear at the convention meeting. After his address business meetings will wind up the closing day of the convention of 100,000 ex-service men.

JURY EXPECTED TO DISAGREE IN CASE

Ask For Reading of Instructions Again This Afternoon in \$10,000 Alienation Suit

DELIBERATING SINCE 9:20

The jury was still deliberating this afternoon at three o'clock over the evidence in the case of Thomas R. Black against Lewis Matney, the suit heard this week in the circuit court wherein the plaintiff demanded \$10,000 judgment for the alleged alienation of the affections of his wife.

The evidence was completed yesterday afternoon and most of the arguments delivered, and this morning the jury was instructed, and given over to them for deliberation at 9:20. At two o'clock the jury came into court and had Judge Sparks read over the instructions for the second time.

It is the belief that the jury will be unable to reach a decision, and at one time this afternoon gave evidence to that fact when they called in the court bailiff, but they were told to continue their balloting.

**ROAD BUILDING

Gov. McCray, Just Back From Washington, Says Federal Aid is Available For Construction

GRADING TO BE FIRST MOVE

Some Opposition to Starting Contracts on Hard Surface Roads Now Due to Weather

Indianapolis, Ind., Nov. 2.—Road construction in Indiana will go forward now with the aid of federal funds, Governor McCray announced today on his return from Washington and Jacksonville, Florida. The governor went to Washington to receive an answer to procuring government money for road building.

There is available in Washington for road building a total of \$4,559,000. The road program on which this money will be spent has not yet been determined, according to the governor. A number of grading contracts will be let soon as the first move, the governor stated.

The governor approaches some opposition to starting contracts on hard surface roads now because of the nearness of winter and because of the high price of cement. He objects to buying cement at this time because he believes the prices will be lower.

The government bears one-half the expenses on the building of federal aid roads but heretofore the state was made to bear the entire cost until the project was completed. Now the federal government pays one-half every time the state makes a payment to the contractor.

The purpose of the governor in asking for assistance was primarily that of solving unemployment. Secretary of Commerce Hoover asked the governor to help in the solving of the unemployment problem.

The governor also announced the success of his plan for the state to care for tubercular ex-service men by building barracks at the state sanatorium at Rockville.

ADDRESSES ROTARY CLUB

E. Dwight Johnston of Connersville Speaks at Regular Luncheon

E. Dwight Johnston, past president of the Connersville Rotary club and the "daddy" of the Rushville club, addressed Rushville Rotarians at the weekly luncheon at the Social Club Tuesday. He complimented the Rushville club on its development since it was instituted by Connersville Rotarians a year ago last January. Mr. Johnston discussed the ideals of Rotary and pictured the results in case they were generally adopted throughout the world.

Ensign Ross Conway, special efforts of the Salvation Army, who is here in the interests of a one-day campaign for the Army, also made a short talk.

ALL BUT 2,000 STATE MINERS ARE ON STRIKE

(Continued From Page 2.)

Walkout in Ohio Field

Athens, Ohio, Nov. 2.—The strike of 300 miners in the Hooking Valley coal field in protest against Judge Anderson's injunction, continued today.

The walk-out was expected to spread to other sections of the Ohio field today.

West Virginia Strike Remote

Charleston, W. Va., Nov. 2.—Possibility of an organized strike of West Virginia miners in protest against the Anderson injunction was believed to be remote today because their leaders either are in jail or are fugitives.

District Eleven Affected

Evansville, Ind., Nov. 2.—Miners in the extreme southern end of District 11 started their walkout today in protest against the check-off injunction.

One hundred miners quit at Newburg, near here. Union officials expect the action to be followed at once by walkouts in many of the other forty mines in this district. Four hundred miners have walked out at Princeton.

Boonville miners will work until they get the sanction of district officials for a walkout.

**Health for
Aching Victims
of Neuritis**

When you get a feverish, aching soreness of the arm which seems to have deprived the muscles of power, the trouble is neuritis.

Neuritis is an inflammation of the nerve. Its blood vessels expand, there is excessive heat, and there is a discharge of serum into the cells which soften the muscles and degenerate the nerve. The cause is pressure at the spinal nerve opening, and the correction is Chiropractic spinal adjustments. If attention is given in time, no serious results follow. The tendency of neuritis, unless the cause is removed, is to paralyze the parts affected.

Equal Opportunities

If there is any place on earth where labor has the full sympathy and utmost good wishes of the people generally, such a place is the United States. Here we have no aristocracy of wealth. We have, it is true, a few families whose accumulations have been so organized as to insure their being handed down from generation to generation, but these could be counted on the fingers—perhaps on the fingers of one hand. As a rule, each generation makes its own fortune—carves its own destiny. Those who live and conduct their business upon inherited wealth are so few and their wealth so relatively small that they need not be taken into consideration in dealing with the large problems of labor in America.

The American people are workers and always have been. At one period in our history, it may be admitted, a system of slavery existed in part of the United States States and there was a disposition to look upon manual labor by a white man as degrading—placing the laborer in

a caste beneath that of the large slave owner. But that period has long since passed and the South today realizes as much as does the North the evils of the Slave system and the benefits of a system that makes all useful occupation honorable. The door of opportunity now stands wide open and the lowest laborer of today may be the captain of industry in as short a time as he can demonstrate his ability.

While there may be some exceptions to the rule, it is generally true that men who have worked their way up to financial success never forget the conditions under which they labored and never lose their understanding of the difficulties, the burdens and the needs of those who still toil as they toiled in days that are gone. The man who has suddenly inherited wealth or has acquired a fortune through unusual good luck, may with equal rapidity lose his feeling of fellowship for his less fortunate associate, but instances of this kind are too few to be worth more than a passing expression of contempt. The vast majority of Americans, whatever their status today, have passed through their period of exacting labor, of alternate success and failure, of gratification and disappointment, of self-sacrifice and of long-delayed reward.

Warren G. Harding, who will be by some considered the most successful American today and by others regarded merely as our greatest burden-bearer, can never forget the days when he did every form of work in a small printing office, or the later days when he sweat blood on Saturday morning trying to figure out how he would meet the payroll on Saturday night. Henry Ford began as a mechanic at the bench; Howard Elliot carried a rod and answered the beckoning of a surveyor on a railroad; C. H. Markham plowed gravel under railroad ties, John Wanamaker began as errand boy in a book store—but there is no need to prolong the list. Mention of names of national repute is but a repetition of what could be done in every community concerning successful men in a more limited field. The point is that the employers of today were employees of a few years ago—the supervisors of today served their apprenticeship in the ranks, and they can and do weigh the economic problems of the nation with a full appreciation of the interest and viewpoint of the wage earner.

All this should be kept in mind in these days when we are trying to achieve a unity of purpose and effort in returning from war conditions to normalcy.

Your neighbor voices his true opinion of you when he looks at your back yard.

"What's in a name?" inquires a doubting one. A hyphen, too frequently.

NON PARTISANS HAVE
NEW HOPE IN ELECTION

If They Succeeded in Defeating Two or Three Measures of Independents Who Not be so Bad

FIGHT IS NEARING THE END

(By United Press)

Fargo, N. D., Nov. 2.—With some of the initiated measures in the recall election undoubtedly defeated, Non-Partisans today took on new hope.

If they succeeded in defeating even two or three of the measures set up by the Independents, the ousting of their office holders will not taste so bad, they said.

Around League headquarters there was talk of a general house cleaning before the primaries next spring. How far the reorganization would go was not indicated. Four of the league's greatest leaders are now out of it. The organization is tottering.

President Townley goes to jail in Minnesota today for three months. Vice President Lemke was named as attorney general in the election. Governor Frazier and Commissioner Hagen also were ousted. This leaves the organization without leaders who are outstanding. Despite the fact that Frazier, Lemke and Hagen polled around 100,000 votes, and were beaten only by narrow margins, they will step out of the line light at least temporarily as a result of their defeat.

Meantime Independents who captured the offices of governor attorney general and commissioner of agriculture and labor, planned to take time by the forelock and perfect an organization in the next few months that will defy reorganization purposes of the League.

KICKLESS BREW OF MAT TO BE SHOWN

Politeness and Courtesy Will Rule Over Brawn and Muscle in New York Match

HEADLOCK IS UNDER BAN

New York, Nov. 2.—One half of one percent wrestling will be served here tomorrow for the first time.

The new kickless brew of the mat will be served without toe hold, scissors hold, headlock or any of the other muscle and bone intoxicants of the old orgy days.

Various commissioners, agents and official snufflers will be around with their foot on the ring rail when strangler Lewis, the former exponent of the headlock, and Joe Polk go into the first match Thursday night in which politeness and courtesy will rule over brawn and muscle.

Both run the risk of being thrown out of the ring and having their license revoked if they should become angered by any impolite act of the other fellow.

Strangler Lewis who used to get an enemy head in the crook of his arm and squeeze it until the poor pate caved in might walk jauntily into the ring with a bunch of flowers, a box of cigars and a smiling request:

"Wouldst lie down for me like a nice boy?"

The cabinet members of the Epworth League of the St. Paul's M. E. church will meet tonight at seven o'clock at the home of the Misses Thelma and Martha Fanning in North Main street. All the members are requested to be present.

Miss Ruth Seward entertained with a Halloween party Monday evening at her home in North Harrison street. The evening was spent in dancing and playing games. Delicious refreshments were served to the eighteen guests present.

The trustees and their families of the First United Presbyterian church delightfully surprised their pastor, the Rev. E. G. McKibben and family last Friday evening at their home in West Seventh street. A bountiful pitch-in supper was served, which was followed by a business meeting and social hour.

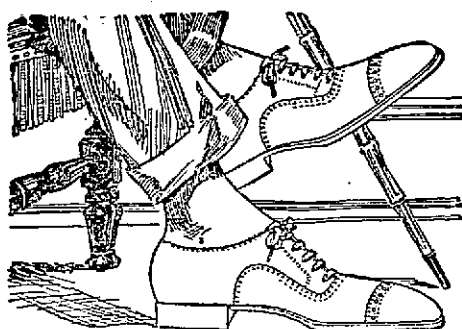

Miss Belle Gregg gave a very interesting review of "Moonlight" last evening before the members of the Shakespeare club, when the club was delightfully entertained at the home of Mrs. Donald Ball in West Ninth street. Following the talk by Miss Gregg, an informal social hour was

enjoyed during which the hostess served refreshments.

Mr. and Mrs. Jesse Stevens entertained with a pitch-in dinner party at their home in New Salem Sunday. The party was a surprise for Mr. Stevens, honoring his thirty-seventh birthday. The guests were Mr. and Mrs. Elmer Bentley and daughters Wilma and Frances, Mr. and Mrs. William Donis, Mr. and Mrs. Clarence Ulter and son Delma and daughter Mildred, all of Connersville, and DeLarice Gilbert of New Salem.

Mr. and Mrs. Grover Hara were delightfully surprised Monday evening with a Halloween party at their home near Mays. About twenty-five masked guests were present. They were Mr. and Mrs. Will Arnold and family, Mr. and Mrs. Harry Freese and family, Mr. and Mrs. Virgil Vickery and family, Mr. and Mrs. Ernest Deek and family, Mr. and Mrs. Walter Crull and family, Mr. and Mrs. Charlie Matthews. The evening was enjoyed informally with music and games. Refreshments of pop corn and apples were served.

Miss Mildred Casterline entertained a number of her friends last Fri-

day evening with a Halloween party at her home west of Arlington. The home was decorated very beautifully with pumpkins, autumn leaves and fadder shocks. Those who enjoyed the affair were the Misses Marie Alsmann, Nelda Arnold, Mabel Lee, Marian Tisworth, Marguerite Plummer, Geneva, Pearl, Nellie and Pauline Macy of Manilla and Will Marshall, Denning Nelson, Lee Mitchell, Frank Coon, Frank Sullivan and Homer Cooley. At a late hour dainty refreshments were served.

The Ladies Missionary Society of the Main Street Christian church will meet Thursday afternoon in the basement of the church. The following program will be given on the subject "India Converted." Bible study, Mrs. Wilbur Stiers; "Characteristics and Conditions of the People," Mrs. Will Brown; "The First Missionary to India," Mrs. Ed Billings; "Our India Mission," Mrs. John Gartin; "The Missionary," Mrs. John A. Tisworth; "Through the Eye Gate," Miss Emma Casady; "Echoes From Everywhere," Mrs. Clifford Winship. The leader of the program will be Mrs. J. J. Ames.

Members of the Tir Kappu sorority entertained their husbands at the annual pitch-in supper and Halloween party Tuesday evening at the home of Mr. and Mrs. Will B. Norris, northwest of the city. The patronesses of the local chapter, Mrs. Will M. Sparks, Mrs. A. G. Haydon, Mrs. Robert L. Tompkins and Mrs. Frank Reynolds, together with their husbands, were also guests.

Following the supper, which was served cafeteria fashion, the guests were amused with Halloween games and contests. Mr. and Mrs. Jack Pedigo and daughter Joan of Columbus, Ohio, who have been visiting Mr. and Mrs. Norris, were also guests.

Miss Leah Worth entertained a number of friends Monday evening at her home, 603 East Tenth street, with a Halloween party. The home was beautifully decorated with the Halloween emblems and flowers, the color scheme of black and yellow being used. The guests were masked during the evening. They included Mary Jeffrey, Christine Belmont, Harold Jeffrey, Frances Wallace, Eudala Wiley, Lillian Gregg, Frances Shorman, Allen Smith, Helvie Worth,

Clara Colvin, Mary Louise Gregg, Ruth Hardwick, Marguerite Gregg, Lester Hardwick, Eulala Hinchman, Lillian Gregory, Rebecca Gregg, William Worth, Eveline Davis, Marguerite Ross, Mary Louise Tabor, Kenneth Tabor and Esther Hardwick. Music and games were enjoyed and refreshments of pop corn, apples, ginger bread and cider were served.

Miss Angie Godwin, superintendent of the Methodist Children's Home of Greencastle, Ind., gave a very appropriate talk on the home in that city yesterday afternoon before the Ladies Aid Society of the St. Paul's M. E. church which met at the home of Mrs. Homer Powell in North Morgan street. Sixty members were present for the meeting. During the social hour at the close of the regular meeting the hostess, assisted by Mrs. John Walker and Mrs. Warren T. Elder, served refreshments.

The W. R. C. Penny Social met yesterday afternoon at the home of Mrs. Belle Smith in West Third street. The assisting hostesses were Mrs. Black, Mrs. Cox and Mrs. Worthington. After a business session a fine program was given. In the contest the prizes were awarded to Mrs. Bainbridge and Mrs. Webb. The gypsy fortune teller proved very amusing. During the social hour an elegant two course luncheon was served. Thirty-one members were present at this meeting. Mrs. Finley, Mrs. Allen and Mrs. Bainbridge will be hostesses for the December social at which time exchange of gifts will be made.

The Thursday Afternoon Bridge club will be entertained tomorrow afternoon by Mrs. Louis Mauzy at her home in North Perkins street.

Larline Council number 296, degree of Pochontas will hold its regular stated meeting Thursday night at 7.30 o'clock at the Red Men hall, and all members are urged to attend.

Mr. and Mrs. Ithamer McCarty, living north of Rushville, entertained a number of guests Sunday at dinner, among those being Mrs. J. B. McCarty, Mr. and Mrs. G. P.

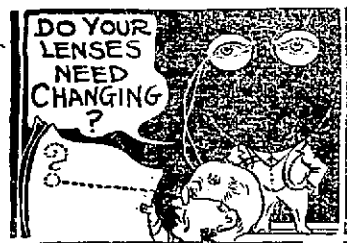

McCarty, Mr. and Mrs. Chester Stevens and daughter Evelyn, all of Rush county and Mr. and Mrs. Bob Craig of Connersville.

Mrs. Josie Webb entertained a number of her friends yesterday at her home in West Third street with a delicious chicken dinner. Those participating in the affair were Mrs. Sarah Giffin, Mrs. Bruce Wilson, Mrs. Mary E. Young, Mrs. James Gregg, Mrs. Clara Colvin, Mrs. Ida Lee, Mrs. Margaret Hoadley, and Lee, Mrs. Margaret Hoadley, Mrs. George Murphy and Mrs. J. T. Turner.

Miss Ethel Posz, Miss Vida Frow and the Misses Elsie and Ruby Louden entertained a number of their friends Monday evening at the home of Miss Posz west of the city with a Halloween party. The rooms of the home were artistically decorated with autumn leaves, Jack-O-Lanterns and wall pockets of flowers. The guests were masked, Orin Miller receiving the prize for being the most cleverly masked. Fortune telling stunts and music furnished the amusement for the evening. Later in the evening the guests were invited into the dining room where refreshments of sandwiches, doughnuts, apples, candy and fruit punch were served. The centerpiece of the dining table was a huge pumpkin filled with flowers. The guests, who enjoyed the evening were the Misses Helen Moor, Hope Hanna, Helen Hoffman, Violet Wiley, Mabel Hiner, Gladys Miller, Clara Johnson, Emma Brown, Laconda Miller, Helen Mull, Vida Frow, Ruby and Elsie Louden, Irene Gabimer, Ethel and Julia Posz, Thelma Louden and Fon Miller, Orin Miller, Basil Wiley, Virgil Cochran, Oren Veatch, Carroll Miller, Ralph Brown, Virgil Pike, Lafayette Lower, Thomas E. THIN, FLAT HAIR
GROWS LONG, THICK
AND ABUNDANT

"Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to go up. But what will please you most will be after a few weeks use, when you see new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, lustrous and luxuriant.

NEW YORK CITY IN MILK FAMINE AREA

Strike Caused by Drivers of Milk Wagons Causes Eight Million People to Face Famine

DRIVERS DEMAND INCREASE

(By United Press)
New York, Nov. 2.—Eight million persons in New York and vicinity faced a milk famine today as result of a strike of wagon drivers. The strike went into effect when the demands of the drivers for a \$5 a week wage raise and two-weeks vacation were refused and attempts at mediation by city and federal officials failed. Only enough men to supply hospitals and other institutions and to feed horses at the stables reported for work today. The districts affected by the strike include greater New York, all of Connecticut within twenty miles of the Massachusetts border, a part of Long Island and New Jersey as far east as Patterson and Passaic.

TO PROBE DOUBLE MURDER

Grand Jury Called at Portsmouth, Ohio to Make an Inquiry

Portsmouth, Ohio, Nov. 2.—Hopes of solving the mysterious double murder of Louise Doyle 19, and J. W. Newman, 26, today rested with the county grand jury, summoned to make a probe tomorrow. Authorities tracing leads, since the bodies of the two church workers were discovered in an abandoned cottage last Saturday, have failed to make an arrest. Officials have been unable to agree on a motive. Sheriff E. E. Rickey was reported working on a new clue but he refused to make any comment.

COTTON GROWERS FEAR COMPETITION

Production Costs Will be Subject Annual Session of National Association

OPENS TODAY IN BOSTON

New England Textile Manufacturers are Afraid Germany Will Open Similar Trade With U. S.

(By United Press)
Boston, Nov. 2.—Production costs will be the subject of open discussion in the first session of the annual meeting of the National Association of Cotton Manufacturers which opened here today in connection with the International Textile Exposition.

A general relief over the prospect of tariff protection was noticed among the cotton men here to attend. It was pointed out that during the war, the big struggle eliminated European countries as competitors in the cotton trade but now the manufacturers of the country welcome protection as a result of indications of renewed competition from abroad.

It was stated today that the cotton manufacturers of New England do not contemplate any immediate wage reductions, although it was admitted that the question of wages and labor costs were being studied. Cotton trade developments in central Europe are being closely watched, it was learned, because of the possibility of Germany becoming a dangerous competitor in the textile industry. Indications are that the export trade is proceeding on the basis of an export of 675,000,000 yards of cotton goods.

Speaking of possible German competition, it was pointed out that German mill workers are paid the equivalent of \$4 a week, while American operatives receive nearly six times that wage.

Tomorrow's meeting will be given over almost entirely to the discussion of production costs in which the various representatives compared figures.

On Thursday morning, Frank W. Reynolds, chairman of the committee on Industrial Research of the national association, will preside at a meeting in which research and the progress made in connection with cotton manufacture will be described.

NOTICE OF BOND SALE

Notice is hereby given by the undersigned, Treasurer of Rush County, Indiana, that on and after two o'clock p. m. on TUESDAY, NOVEMBER 15th, 1921, at the office of said Treasurer in the Court House at Rushville, Indiana, he will receive sealed bids for the purchase of Seven Thousand Six Hundred Dollars (\$7,600.00) Road Bonds, said bonds to be 20 in number, dated November 15th, 1921, each bond for the principal sum of Three Hundred Eighty Dollars (\$380.00) bearing interest at the rate of five per cent (5%) per annum, payable semi-annually, on the 15th day of May and November of each year.

The first bond will be due and payable on May 15th, 1923, and one bond each six months thereafter until all of said bonds have been paid.

Said bonds have been issued for the purpose of providing funds for the construction and improvement of a certain highway petitioned for by Francis J. Hurst et al. of Orange Township, Rush County, Indiana, and will be sold to the highest bidder for not less than par and accrued interest. The right is reserved to reject any and all bids.

A Laugh Or Two

A Pair of a Kind

Last Saturday a certain Rushville woman remarked to her husband: "Honey, this is our wedding anniversary. Don't you think we'd better celebrate?" "Why, of course," replied the fond husband. "We'll go to Indianapolis and spend the day having a good time."

On Sunday they were describing the evening to a mutual friend. "But they were married in November," said the friend in astonishment.

And it just dawned on both of them that they had celebrated a month too early.

Safety First

A distinguished citizen of Rushville was seen going through some strange maneuvers Monday evening and one of his neighbors inquired what he was doing.

Said distinguished citizen then explained that it was a regular Halloween custom of his to turn over carefully an outbuilding at the rear of his home to prevent the vandals from demolishing it. The following morning he puts the building back up and it is none the worse for the wear.

It might be explained that the building in question is one which is generally the target of those who like to play pranks on Halloween.

Mother was engaged in the daily routine of housework and was paying very little attention to the five-year-old daughter, who was apparently amusing herself. Suddenly this:

"Mother, I wish both of my grandmothers were dead."

"Why child," said mother, "what made you say such a thing?"

"Well," answered the daughter, in all seriousness, "then us kids would always get to go with you people (meaning her parents) wherever you went."

FACES TWO MORE CHARGES

Two more affidavits have been filed in Justice Stech's court against Charley Davis of Center township, one being for profanity and the other for trespass. He is to be tried Saturday on a charge of assault and battery, and the other cases Monday and Tuesday.

Ouch! Lame Back

Rub backache, Lumbago, Soreness and stiffness away - Try this!

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Lumber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.—Advertisement.

MAKES PLEA FOR U. S. PAPER MAKER

R. S. Kellogg Says American Publishers Will Ultimately Suffer From Buying Imported Paper

AMERICA CAN'T COMPETE

Costs Less to Ship Newsprint From Scandinavia to New York Than it Does Within The State

(By United Press)
Chicago, Ill., Nov. 2.—"American publishers will suffer in the long run from the present condition in the paper import situation, for American mills can not make paper to meet present European prices, and Europe cannot supply America's permanent needs."

This was the way in which the importation of foreign paper was discussed by R. S. Kellogg, secretary of the News Print Service Bureau, composed of Canadian and American manufacturers, at the convention of the Salesmen's Association of the Paper Industry yesterday.

"It costs less to ship a ton of newsprint paper from Scandinavia to New York City than to ship a ton of the same paper from Niagara Falls to New York City," Kellogg said. "America's paper industry, therefore, faces serious competition from foreign lands, not alone because of the fact that foreign paper in being made by very cheap labor, under depreciated exchange conditions, but because of the cost of shipments as well. America, though it has the best, fastest and most modern paper mills in the world, cannot successfully compete with the prices of European paper made and shipped under these conditions. The normal result would be wide swings in prices, which are always disadvantageous to producer and purchaser alike, in any commodity where price extremes are found."

"It is better," continued Kellogg, "for the American user of newsprint to have a dependable source of supply at home, at a price which affords a reasonable profit to the manufacturer and thus encourage greater production, than to have a temporary supply from abroad, at prices fixed by ruinous unfair competition, which will vanish when world conditions again approach normal."

MILK REDUCED THREE CENTS

Co-operative Marketing by Indiana Farmers Would be Result

(Written for United Press)
Indianapolis Ind., Nov. 2.—Co-operative marketing of milk by Indiana farmers will reduce its cost to the consumer about three cents a quart, according to a high official of the Indiana Federation of Farmer's associations.

This system will enable farmers to obtain more for their milk, the official said. It will squeeze many middlemen out of business, it was alleged.

The organization will be developed first in Indianapolis and then spread to other marketing centers of the state.
